

# RHYME TIME

Teach children this rhyme with a few supporting actions!

Jesus calls me friend. (point to self with both thumbs)

His love for me will never end. (cross hands over chest, smile and shake head)

As I follow his commands, (march in a circle, following each other)

The joy he gives will fill my hands. (hold your hands out palms up)

All the lessons I have learned, (pointer finger to your head)

He offered as a gift unearned. (swing hands toward yourself as if accepting the gift)

“Love each other” Jesus said, (put an arm over the shoulder of the person next to you)

And I will do as I have read. (look at each other and nod)

Then the gospel will be spread. (spread open arms wide with palms up)
